Revised On 01/15/2024

1 Identification		
Trade name: Product code: Recommended use: Uses advised against: Manufacturer/Supplier: Emergency telephone number:	ORANGE FLUORESCENT UPRIGHT 0000201757 Paint and coatings application. Any that differs from the recommended use. Seymour of Sycamore 917 Crosby Avenue Sycamore, IL 60178 USA phone: 815-895-9101 www.seymourpaint.com 1-800-255-3924	Seymour of Sycamore 3041 Dougall Avenue, Suite 503 Windsor, ONT N9E 1S3 CANADA phone: 800-435-4482 www.seymourpaint.com
Emergency telephone number.	1-000-233-3324	
2 Hazard(s) identification		
Classification of the substance or n	nixture	
Flammable Aerosols 1	H222 Extremely flammable aeros	ol.
Gases under Pressure - Liquefied gas	H280 Contains gas under pressur	re; may explode if heated.
Toxic to Reproduction 1B	H360 May damage fertility or the	unborn child.
Specific Target Organ Toxicity - Single		
	ated Exposure 2 H373 May cause damage to orga	ns through prolonged or repeated exposure.
Additional information: GHS Hazard pictograms		
GHS Hazaru pictograms	$\langle M \rangle \langle - \rangle \langle 1 \rangle \langle B \rangle$	
	GHS02 GHS04 GHS07 GHS08	
Signal word	Danger	
Hazard-determining components of		
labeling:	Toluene	
Hazard statements	Calcium Carbonate Extremely flammable aerosol.	
	Contains gas under pressure; may explode if hea	ited.
	May damage fertility or the unborn child.	
	May cause respiratory irritation. May cause damage to organs through prolonged	or repeated exposure
Precautionary statements	Obtain special instructions before use.	
·····, ·····	Keep away from heat/sparks/open flames/hot sur	
	Do not spray on an open flame or other ignition s	source.
	Pressurized container: Do not pierce or burn, eve Do not breathe dust/fume/gas/mist/vapors/spray.	an aller use.
	Use only outdoors or in a well-ventilated area.	
	IF INHALED: Remove person to fresh air and kee	ep comfortable for breathing.
	Call a poison center/doctor if you feel unwell. Store in a well-ventilated place.	
	Store locked up.	
	Protect from sunlight. Do not expose to temperat	
Physical dangers:	Dispose of contents/container in accordance with	i local/regional/national/international regulations.
Effects of chronic overexposure:	May cause permanent brain and nervous sys damage kidneys, lungs, liver, heart, and blood contents may be harmful or fatal.	stem damage. Repeated overexposure can also d. Intentional misuse by deliberately inhaling the

3 Composition/information on ingredients Chemical characterization: Mixtures

Chemical charac Chemical Descri	cterization: Mixtures iption: This product is a mixture of the substances listed below with nonhazardous additions.	
Dangerous comp		
64742-89-8 VM&	P Naphtha	15-25%
74-98-6 propa		10-15%
1317-65-3 Calci	ium Carbonate	5-10%
106-97-8 n-but	tane	5-10%
108-88-3 Tolue		1-5%
64742-47-8 Mine	ral Spirits	1-5%

4 First-aid measures

Description of first aid measures	
After inhalation:	Supply fresh air; consult doctor in case of complaints.
After skin contact:	Remove contaminated clothing. Wash exposed area with soap and water.
After eye contact:	Rinse opened eye for several minutes under running water. Then consult a doctor.
After swallowing:	Rinse out mouth and then drink plenty of water.
5	Rinse mouth with water. Do not induce vomiting.

Printing date 01/15/2024

Trade name: ORANGE FLUORESCENT UPRIGHT

Information for doctor:	(Contd. of page
Most important symptoms and	
effects: Indication of any immediate medica	Dizziness
attention needed:	No further relevant information available.
5 Fire-fighting measures	
Extinguishing media Extinguishing agents: Special hazards:	CO2, extinguishing powder or water spray. Fight larger fires with water spray. Can form explosive gas-air mixtures.
Protective equipment for firefighters: Additional information	A respiratory protective device may be necessary. Cool endangered receptacles with water spray.
6 Accidental release measures	
Personal precautions, protective	
equipment and emergency	
procedures: Environmental precautions:	Wear protective equipment. Keep unprotected persons away. Use respiratory protective device against the effects of fumes/dust/aerosol. Do not allow product to reach sewage systems or ground water.
Methods and material for	
containment and cleaning up:	Ensure adequate ventilation.
7 Handling and storage	
Precautions for safe handling Fire/explosion protection:	Use only in well ventilated areas. Keep respiratory protective device available. Do not spray on a naked flame or any incandescent material. Do not smoke. Protect fro electrostatic discharges.
Conditions for safe storage: Storage requirements:	Keep away from sources of heat and direct sunlight. Do not warehouse in subfreezing condition Store locked up.
8 Exposure controls/personal prot	ection
Components with limit values that	
require monitoring at the workplace:	The following constituents are the only constituents of the product which have a PEL, TLV or oth recommended exposure limit. At this time, the other constituents have no known exposure limits.
